	Revision of	Questionnaires for Rums	nia and Sulgaria
REF	St/I Office Notice N	io. 82, 4 September 1956	

- 1. Reference is made to <u>Questionnaire</u> <u>Rumania</u>, hth Revision, <u>December</u>, 1955. Item 30, <u>Telecommunications</u>, should be retained with changes as indicated below:
 - a. In the fourth paragraph add "... Bucharest in the direction of Ploesti. The Second Five-Year Plan calls for an expanded long-distance network, which is to be provided by radio relay facilities and underground telephone cable. The radio relay facilities are of particular interest to us. They will probably"
 - b. Insert the following questions, under questions and requirements:
 - 1) Is there any evidence of new radio relay lines being installed? If so, where, and in what direction are the lines being installed?
 - 2) The Second Five-Year Plan calls for two new radiobroadcasting stations. Is there any evidence suggesting the installation of these stations?
- 2. Reference is made to Questionnaire Bulgaria, 4th Revision, December, 1955. It is requested that I tem 30, Telecommunications, be retained without change.
